Dear Mrs. Brocchini,

I am interested in applying for a position as a Dietitian.

I am 18 years old and am currently in my Senior year at Ripon High School. Throughout my past three years I have learned that I love to be involved in school and what goes on around campus. I am a part of the Volleyball program at Ripon High as I enjoy staying active and being a part of the varsity team. This has truly shown me what it is like to be a teammate, and most importantly how to work with all individuals. I love to dedicate my time and effort into helping around campus and always being there when needed. Leadership is a big part of who I am, I strive to be someone that others look up to. I am a strong communicator, dedicated worker, and love assisting others when they need my help. I am drawn to the dedication of any task I am put to and will give 110%. Making sure the job is done is something that I always ensure to do. I love being a part of teams and learning to work with different individuals, as I hope this allows me to confidently strive in the college environment.

I am a confident worker, highly dependable, and love to help others when I am able. I am always willing to try new things, and strengthen my abilities as I hope to strive in this career as a dietitian.

Thank you

Sincerely,

Allison Camara
